

Shippensburg Fish and Game Association
Board of Directors Meeting
April 14, 2023

Called to order by Chairman of the Board Jerrid Lozenski.

Bob McClure has proposed that a sound bar be purchased for the new 78" TV.

M-S-P to purchase

Suggested that the new TV be put on a rolling cart. Would Walter Richie build one (what would it cost?) or can a suitable cart be purchased from Harbor Freight?

M-S-P to add Bob Carson to Board of Directors.

Video and script will be on the website for viewing. View it and give any suggestions you have to change or improve it. Bring suggestions to the board.

Suggestion to buy some sort of cover for the TV while it is not being used.

Members are having trouble hearing what is being said at the meetings. Could the sound machine be used with the microphones? May try at a later meeting.

M-S-P to have anyone talking to come to the front and speak louder.

Tickets for the March Gun stated that no one under 21 could attend. There was a complaint. Should it be kept on the ticket and use arm bands to identify anyone under 21. Tabled till next months meeting.

New sound system was installed.

Ralph will try to get a start date from Snoke's Excaving for improvements to control the run off from the parking lot.

Old furnace—what to do with it. It is worth anything to sell it or should it just be junked?

Garage door repairs-New panels have been ordered and the repair work will be done when they come in. All garage doors will be serviced at that time.

M-S-P to adjourn
