Ferris is broke again. The mother board in the engine is gone. On order will cost approximately \$100 to \$200. It can be made to work with a toggle to the PTO. It will stop the engine but the blades will continue to spin. This is a safety issue. Bypass for now and continue to look for a mother board.

Lori stated the amount to be transferred to General Fund from the Fundraiser Fund to cover 219 free dues, 140 life memberships and 4 military on duty dues will be \$18,450.

M-S-P to transfer the money

Decide where we want more black top and get on the work list with Snoke's for next year.

Need another Finance committee meeting to discuss.
